

Profile

I'm a professional filmmaker based out of Sydney, NSW and Brisbane in Queensland, Australia. I work within the film production industry with a particular focus in cinematography. I specialise in:

- **shooting** (cinematography, camera operator, time-lapse capture)
- **colour correction and grading services** (DaVinci Resolve)
- **digital cinema and film systems**

I have a long history working closely with technology, dating all the way to my first high school job teaching students and teachers to shoot and edit. It's this passion that's helped me become a professional creative, allowing me to diversify in a variety of Film and Television areas not only **Australia wide** but also **internationally**.

My expertise includes:

- short films
- live broadcast events
- corporate productions
- documentaries
- music videos
- music festivals

I am a proud member of the **ACS** (Australian Cinematographers Society). I'm passionate about the work I do, am flexible to all conditions and excel working independently or within a team. Please find entailed a list of my specialist skills. For greater detail and information, please visit my website: jarrydHall.com
